KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a physician if irritation develops.

If On Skin Or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a physician if irritation develops.

If Swallowed: Rinse mouth with water. Call a physician if irritation develops.

If Inhaled: Move person to fresh air. Call a physician if irritation develops.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call the National Pesticide Information Center at 1-800-858-7378 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May cause moderate eye irritation. For certain individuals, skin irritation may occur. Avoid contact with eyes or skin. Avoid breathing spray mists or vapors. Wash thoroughly with soap and water after handling. Avoid contamination of feed or foodstuffs.

DIRECTIONS FOR USE

MOLE REPELLENT effectively rids lawns, gardens and planted areas of Moles and other burrowing animals.

PRECAUTION: Do not use in gardens grown for food.

APPLICATION DIRECTIONS

Apply when tunnels appear in the area to be treated. To determine if the tunnels are active, flatten an area of the tunnel. If the tunnel is repaired within 1 – 2 days, the tunnels are active.

If the soil is dry, water thoroughly before application.

Rate: Apply at the rate of 2 fl. oz. in 2 gallons of water per 1,000 sq. ft. Shake bottle well and add the desired amount of MOLE REPELLENT to the water in the sprayer. Shake to mix well.

Thoroughly cover the entire area to be treated. Once applied, water the treated area thoroughly to move MOLE REPELLENT into the soil. Repeat when mole activity is noticed.

If this product is packaged in a hose-end sprayer bottle, use the directions below.

Hose-End Sprayer Directions: Shake Container Well Before Getting Started.

1. Before you start, the blue top water flow valve should be in the "OFF" position, and the red product flow valve should be in the up, "OFF" position.
2. Shake container well and attach it to your garden hose.
3. Turn on the water from the faucet.
4. To apply, remove side pin (labeled "PULL OUT") and rotate red product flow valve to "ON"; then while holding sprayer at waist level and pointing in a direction away from face and body, push blue water flow valve forward to activate water.
5. When you are finished spraying or if you have to stop spraying at any time, press blue water flow valve with thumb to the rear to shut off water and return side red valve to the upright "OFF" position and replace side pin.
6. Turn off the water at the faucet.
7. Remove the container from the garden hose; then rinse thoroughly and store according to storage instructions.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry, locked area out of reach of children and pets. Protect from excessive heat. Keep container tightly closed in storage to prevent entry of water.

CONTAINER DISPOSAL: If empty: Nonrefillable container. Do not refill or reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Do not pour down any indoor or outdoor drain.

WARRANTY

Seller warrants that this product conforms to the chemical description on this label and is reasonably fit for the purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions or under conditions not reasonably foreseeable to seller. Seller makes no other warranties, either express or implied.
